100 Best Innovative Technologies for International Cooperation Review 2020-2023

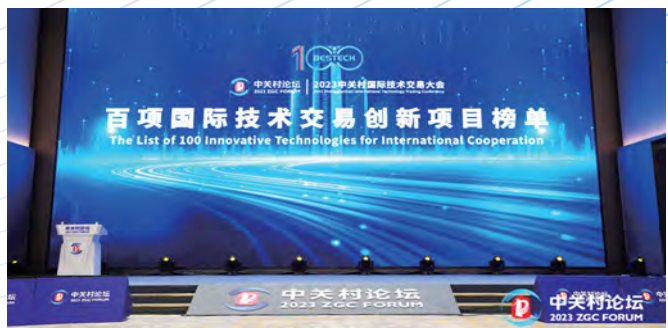

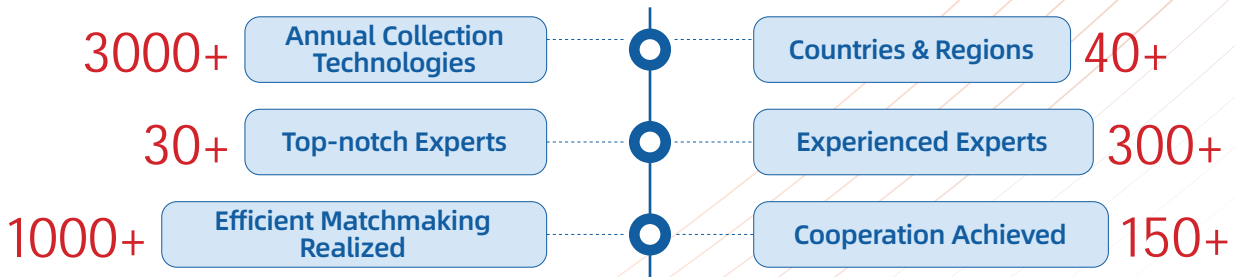

As one of the brand events of International Technology Trade Fair on ZGC Forum, the "100 Best Innovative Technologies for International Cooperation"(100 Bestech) was organized thrice since 2020. The event has brought together a group of promising cutting-edge technologies and with lots of attention at home and abroad, its influence has always been increasing.

The List highly focuses on the work goal of "promoting cooperation in international technology transactions", takes participation in "international technology transactions" as the orientation, focuses on the core target of "innovative technology", and 100+ industry leading experts participate in the review every year, and the list technology has attracted wide attention at home and abroad. Each year, it extends the organization of 50+ matchmaking sessions of roadshows for listed projects, achieve 500+ effective docking, reach a total of 80+ cooperation intentions, and some projects have entered the stage of industrialization landing cooperation.

The "100 Bestech" has become the bridge to promote global cross-border technological cooperation.

2020-2023 Review

Recommended by the ARTEs4.0 for autonomous safety inspection of trains

- 2023 100 Innovative Technologies for International Cooperation, one of the top 10 key recommendation technologies
- The World Internet Conference Awards for Pioneering Science and Technology

Matchmaking in Process

- CRRC Research Institute
- National high-speed Train Innovation Center
- Xi 'an Metro
- Beihang University
- Shougang Group
- Yizhuang Robot Industry Innovation Center
- Xiaomi
- YBTECH

Recommendation for Other Events

- 2023 China Overseas Talents Innovation and Entrepreneurship Competition
- The 2023 World Internet Conference Wuzhen Summit

China International Expert Talent Innovation Service Platform

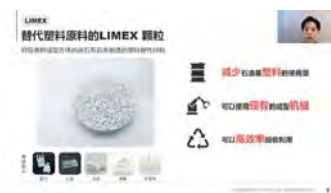

- An innovative ecological international platform for online interactive gathering of professionals

Matchmaking in Process

- Beijing Hi-Tech International Business Incubator Co., Ltd.
- Network for International Cooperation on Technology Commercialization

Recommendation for other events

- E-TOWN Talent Group

▲ TBM participated in CIIEC

ARGO: Autonomous Inspection of Rolling Stocks (Italy)

Deepbrain AI: World-class Digital Human Technology and Applications (Korea)

Solved (Finland)

Outstanding Project Showcase

FibreCoat GmbH: Polymer coated fibres and metal coated fibres (Germany)

TBM:LIMEX, a new environmentally friendly composite material that can replace plastic and paper products (Japan)

RWTH Aachen University Spin-off

- 2021 100 Innovative Technologies for International Cooperation
- The world's only inorganic fibre direct coating technology to reach industrial scale
- 8 national and international awards

Recommendation for other events

- Innovation and Entrepreneurship Competition of National Innovation Center of High Speed Train
- "Innovation China" Technology Roadshow

The FibreCoat advantage

▲ FibreCoat participated in "Innovation China"

Japan Unicorn Company

- 2021 100 Innovative Technologies for International Cooperation
- Hundreds of patents

Recommendation for other events

- 2021 Chengdu International Innovation and Entrepreneurship Competition (Japan and South Korea)
- 2022 China-Japan-Rok Youth Innovation Cooperation Matchmaking And Competition
- "Innovation China" Technology Roadshow

Matchmaking in Process

- Zhejiang Hongzhi New Material Co.,Ltd
- Chambroad Petrochemicals
- TusStar
- Guangdong Defence Technology Promotion Centre

BENEFITS of JOINING in

Professional reviews and recommendations from 100+ senior lead experts (Part of the previous)

Experts from Leading Industry Companies **100+**

Experts from Professional Associations **100+**

Experts from Universities and Research Institutes **100+**

Professional International Technology Transfer Managers **2000+**

100+ Industry Leading Enterprises Cooperate to Connect Resources

Access to High-level Events

“Innovation China” Technology Roadshow

- Close link with China's pilot cities for industrial innovation as well as an important way to link global innovation and technology cooperation
- **50** roadshow presentations in different sectors or countries throughout the year
- **280+** industry experts to comment and matchmaking
- **250+** projects to participated
- **361.8 million+** online viewings in 2021

Conference on International Exchange of Professionals

World Internet Conference Awards for Pioneering Science and Technology

China Overseas Talents Innovation and Entrepreneurship Competition
