

INTERNATIONAL CO-INNOVATION FUNDING CALL

Eureka Singapore-Canada Bilateral Call

BACKGROUND/DESCRIPTION

Ready to innovate with Canada?

Your next breakthrough could be a collaboration away. The **Eureka Singapore-Canada Bilateral Call**, jointly administered by Enterprise Singapore and Global Affairs Canada's Trade Commissioner Service and National Research Council of Canada (NRC), aims to support ambitious cross-border R&D projects between Singapore and Canadian companies.

This programme is designed for forward-thinking companies looking to develop ready-to-market solutions, technology-based services, or methods with strong commercial potential. Through this partnership with NRC's Industrial Research Assistance Program (NRC-IRAP), participating companies can access valuable support to drive their innovation journey.

Transform your innovative ideas into commercial success through supported R&D partnerships. Whether you're developing new products or enhancing existing technologies, this bilateral collaboration could be your gateway to expanding your innovation footprint across borders.

TECHNICAL SPECIFICATION

To apply for this call, interested Singapore entities will need to meet the following eligibility criteria:

- Be a business entity that is registered and operating in Singapore.
- Have ≥ 30% of its ordinary shares held directly or indirectly by Singapore Citizens and/or Singapore Permanent Residents.
- Be in a financially viable position to start and complete the project.

More details on the project requirements and submission process can also be found on the Enterprise Singapore [website](#).

CALL DETAILS

Applications for the Eureka Singapore-Canada Bilateral Call are open from 1 May 2025 to 1 September 2025.

To submit an application, both Singapore companies and their foreign partner(s) have to submit a joint application through the [Eureka application portal](#).

In addition, Singapore companies must also complete the following procedures:

1. Visit the [Business Grants Portal website](#)
2. Apply for "EDG (Co-Innovation Programme)"
3. Complete the application form and submit accordingly. Please ensure you have selected the correct CIP Programme in your application.

PROJECT PARTNERSHIP OPPORTUNITIES

If you would like to seek a Singapore/ Canada partner to jointly collaborate on a project under this call, please get in touch with us by clicking on the 'Make an Enquiry' button below. Prior to this, you may wish to contact your funding agency to confirm on your eligibility to participate in the call.

Universities, institutes of higher learning and research institutes can only be funded as a subcontractor or consultant for another partner. You may also check out some of the opportunities on the IPI Online Marketplace and/ or search for potential partners on the [b2match](#) page.

WHAT WE ARE NOT INTERESTED IN

Projects that do not involve any co-development or R&D cooperation. Testing and validation of technologies without any co-development would also not be eligible.
